This letter is to inform counties, California Department of Social Services (CDSS) Regional and Field Offices and other interested parties of the California Necessities Index (CNI) increase to be applied to the AAP basic rate. Please refer to ACL NO. 11-74 for the AAP basic rate methodology as stated in W&IC section 16121(a). The adjusted schedule of rates in this letter reflects the CNI increase of 2.54% for Fiscal Year (FY) 2015-16, effective July 1, 2015. In addition, this letter reflects the CNI increase to be applied to Dual Agency rates, effective July 1, 2015. The negotiated AAP rate continues to be based on the child's needs and the circumstances of the family and may include the Specialized Care Increment (SCI), if eligible. The SCI rate is added to the basic rate; therefore, recipients who receive this rate will also receive the CNI increase to the basic rate. The adjusted schedules of AAP basic rates stated on the following pages are to be used when determining the maximum eligible initial and subsequent AAP basic rate.

III. County and the California Department of Social Services (CDSS)
Regional/Field Offices Responsibility

Counties and CDSS Regional/Field Offices shall adjust monthly AAP basic rates and the Dual Agency rate to include an annual CNI increase should one occur, effective July 1st of each year. The adjustment must be documented by sending AAP recipients a Notice of Action (NOA) reflecting the AAP rate change. A copy of the NOA must be placed in the AAP case file maintained by the responsible public agency for documentation purposes. To process the automatic CNI increase, the Adoption Assistance Program Agreement (AD 4320) and Payment Instructions Adoption Assistance Program (AAP 2) are not required to be completed by the responsible public agency. While CNI increases do not require an amended AAP agreement, all other changes to the AAP benefit continue to require an amended agreement.
